<u>Top 6 Things Voters Can Do to Support Democracy in 2020</u>

Advancement Project National Office

1.) Encourage 20 people to check their voter registration record, make any updates (change of address, name, etc.) and re-register if purged.

2.) Sign up to be a poll worker or poll watcher with your election officials or political party.

3.) Join local Election Protection efforts.

4.) Contact your local representatives to express support for progressive reforms that expand access to the ballot like vote-by-mail, automatic voter registration, same-day registration/Election Day registration, etc.

5.) Participate in local county canvassing board meetings to learn about and provide feedback on how upcoming elections will be conducted.

6.) Meet with your election official to make sure they aren't closing polling places in communities of color.
